

Simplifying Fleet Management

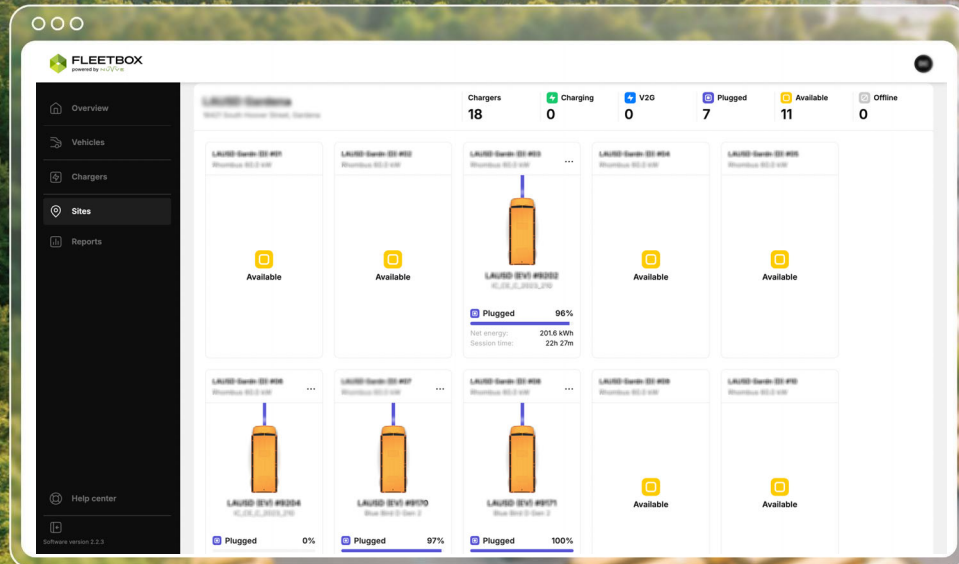

INTELLIGENT ELECTRIC VEHICLE MONITORING AND CONTROL

Remotely monitor and manage your electric vehicle (EV) fleets in real-time with the Nuvve FleetBox portal. Our portal offers real-time dashboards for electric vehicles and charging stations to allow users to view connectivity status, battery charge level, power flows, and many other insightful visuals.

**LOWER
ENERGY BILLS**

**INCREASE REVENUE
WITH V2G**

**MAINTAIN HEALTHY
BATTERIES**
